ANDREW JACK MEMORIAL AGRICULTURAL SCHOLARSHIPS

INFORMATION SHEET

Background

The late Andrew Jack spent his life working in various professions within agriculture in Western Victoria. His Estate has provided funds to support many charities and community causes. One of the main priorities that Andrew wanted to support, was training for those involved in agriculture or planning to enter this field. The Rotary Club of Portland, where Andrew was a member, is managing funds dedicated for this purpose.

Tertiary Scholarships

Each year, a small number of scholarships will be available for students, including mature age students, planning to commence a recognised tertiary study in an Agricultural discipline. The value of the scholarships will be \$5,000-\$8,000 per student per year. Typically the duration would be three years, but may be four years.

There is a clear objective to support suitable students who may not otherwise be able to afford to complete tertiary training without some financial assistance.
